# OUR INSPIRATION OUR STORY

## From timber import to international trade group

On the 1st of October 1919, founder F.J. Beerken began Fetim as 'Fijnhouthandel Haarlem' (Fine woods trader) and focused on the import of hardwood. As a result of the exclusive import rights of Cawitt plywood, with which all Fokker aeroplanes were built, the company experienced considerable growth in the early years.

At the beginning of the 1970s the company focused on the emerging do-it-yourself market. The company quickly recognised the potential of the latest trends and in doing so, laid the foundation for the current Fetim.

These days, Fetim supplies a wide range of products such as storage solutions, bathroom fittings, window decoration, ventilation systems and homeware, made according to the latest trends and techniques using a broad variety of materials.

After nearly a century, Fetim Group has become an internationally operating company, selling products in over 40 countries worldwide.

Storage starts with Duraline, offering a comprehensive range of storage solutions from; our extensive range of wall shelving, invisibly supported shelving, shelf supports, rail systems and storage racks in a style and finish which looks perfect in a variety of interiors. Duraline shelving can be used for any room in the home, from kitchens and bathrooms to bedrooms, which can be revitalised and look stylish when your interiors are coordinated and organised. You can cleverly utilise wall space with trendy shelving to display your favourite photographs and mementoes, or garage storage options to create a storage system with upright systems, storage baskets and hooks. A tidy home reflects a tidy mind... make space again for things that really matter.

# FLOATING SHELVES XL4

Every home deserves something special. We present you our collection of solid Floating Shelves. A hidden mounting system makes it appear as if the shelf is floating. Our new Push & Fix system makes wall mounting 100% invisible, strong, solid and secure. It's an easy way to maximize vertical storage space even on the most narrow wall spaces. The Duraline Floating Shelves collection exists of a wide range of decors.

# PUSH&FIX

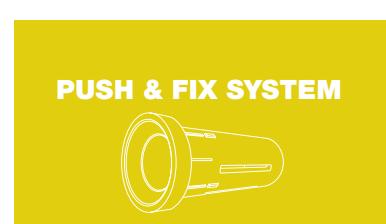

To help keep your life and home organised, we are constantly improving and innovating our range of products. Besides inspiring you with the latest trends, we also aim to surprise you with state-of-the-art technologies.

We are excited to bring to you an innovation that will make it even easier to hang your floating shelf on the wall.

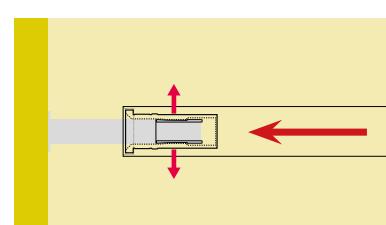

Our design team has developed a special plug which is fixed within the shelf. Once you have mounted the bracket on the wall, you simply slide the shelf over the bracket, and it attaches itself firmly to the bracket fixing.

## Benefits:

- Easy mounting of floating shelves.
- The shelf will be fixed firmly and securely, with less risk of wobbles.
- The 2 screws in the bottom of the shelf are no longer required.
- Wall mounting is now 100% invisible.

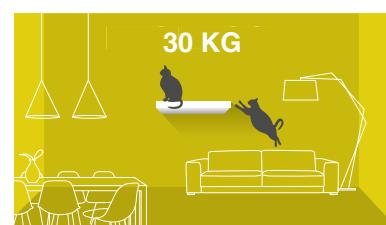

The plug is already fixed within the shelf.

Push the shelf over the bracket. The plug will expand and the shelf is firmly fixed.

The shelf will now be 100% invisibly attached and you no longer have screws on the bottom of the shelf.

The maximum carrying capacity is 30 kg.

# RAIL SYSTEMS

The rail systems allows you to easily mount multiple shelves above each other. The shelves are adjustable in height, simply by moving the brackets up or down. This system is available in single and double brackets with matching uprights and has a heavy loading capacity. We offer rail systems in 50mm and 32mm slot distance in the colours white, silver, grey, black and galvanized.

# STORAGE SYSTEMS

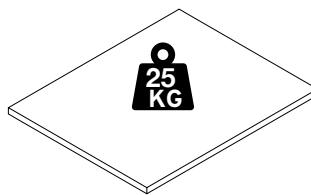

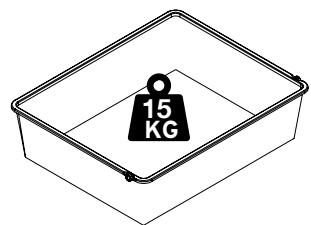

The new Duraline storage system creates a modern, functional open storage solution, which can be used in multiple ways for clothing, books, shoes, gardening stuff and more. The holes in the storage system create the possibility to easily vary in heights. The Duraline storage system has various storage add-ons to create your own customized system assembled with minimal tools. The system has a matt black and matt white finish and is available in a hanging and standing version. Both systems have to be wall mounted.

# PICTURE HANGING SYSTEM

These picture hanging systems are a beautiful, safe and a flexible way to decorate your wall. There are multiple ways to style and restyle your frames, postcards and pictures to the wall. For every hanging need there is a solution available. In this range we have wall and ceiling mounted rails fitting to your DIY project. The modern picture hanging systems have an extensive range of accessories. Some of the rails have a white primer finish, this allows you to paint them in the same colour as your walls. The primer rails are clearly marked with a paintbrush on the package.
