# OUR INSPIRATION, OUR STORY

## From timber import to international trade group

On the 1st of October 1919, founder F.J. Beerkens began Fetim as ‘Fijnhouthandel Haarlem’ (Fine woods trader) and focused on the import of hardwood. As a result of the exclusive import rights of Cawitt plywood, with which all Fokker aeroplanes were built, the company experienced considerable growth in the early years.

At the beginning of the 1970s the company focused on the emerging do-it-yourself market. The company quickly recognised the potential of the latest trends and in doing so, laid the foundation for the current Fetim.

Fetim Group offers a wide arrange of products such as storage solutions, bathroom fittings, window decoration, ventilation systems and homeware, made according to the latest trends and techniques using a broad variety of materials.

After more than a century, Fetim Group has become an internationally operating company, selling products in over 40 countries worldwide.

# DURALINE & PEKODOM

## PEKODOM

Creativity is in the smallest things. And creativity is at the forefront at Pekodom, from developing products to presenting complete shop concepts. We love real products, where sustainability is the norm! Solid and honest materials that last and age well. Real wood from certified sources. Designed to last. These products are made by craftsmen, each product is unique and special in its own way.

## DURALINE

Storage and tidying up starts with Duraline. Duraline offers an extensive range of storage solutions such as; wall racks, floating shelves, shelf supports, rail systems and storage racks. These products come in a variety of colours, styles and finishes that will look perfect in any interior.

Tidying up is finding a good balance between the things you have and the space you have. With Duraline’s storage systems, there is always a suitable, stylish solution for your storage needs. Duraline storage can be used for any room in the house, from kitchens and bathrooms to bedroom. You can use your walls cleverly with trendy shelves to display your favorite photos and keepsakes, or garage storage options to create a storage system with upright systems, storage baskets and hooks.

A tidy house reflects a tidy mind ... make room for things that really matter.

# DESIGN FUNDAMENT OF DURALINE & PEKODOM COLLECTIONS

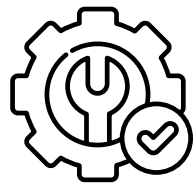

As leading shelving and storage solutions supplier for the DIY and large retail market, we feel it is our responsibility its our responsibility to minimise our environmental and social footprint.

To ensure we create collections that fit in the future we use our 5 design principles. In every design we make we focus on:

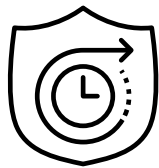

- Offering the best quality for the right price
- Making the products easy in use, making it accessible for everyone
- Creating a future proof design; in the looks, materials and durability
- Designing is done in-house in our Dutch office.
- Emphasizing sustainability, both in production method as in choice of materials.
- Offering spare parts where needed so we can repair instead of replace

We as Fetim Group show responsibility for the environment on both a global and local scale. Therefore, we put great effort into sourcing our materials sustainably.

Additionally, we have changed all our Duraline & Pekodom shelving & storage solutions to products with FSC® certified wood from sustainable forests.

## DURALINE AND FSC®

The Duraline and Pekodom range includes FSC® (FSC-C008417) certified products. You can recognise the FSC certified products by the FSC logo.

## ABOUT FSC®

FSC® stands for Forest Stewardship Council. The FSC organization promotes sustainable forest management worldwide through certification and monitoring. This way FSC ensures that all wood and paper products come from responsibly managed forests.

# CLIPS & RAILS

Duraline has an extensive range of clips, whether it is for storage purposes, decoration purposes or both! These clips can easily be combined with our Duraline boards and glass shelves. The newest addition to this range are the wooden clips and a new folded steel clip, on trend and fitting with all our new boards.

# FLOATING SHELVES

Every home deserves something special. We present our collection of solid and hollow floating shelves. The hidden mounting system makes it appear as if though the shelf is floating. Our new Push & Fix system makes wall mounting 100% invisible, strong, solid and secure. It's an easy way to maximize vertical storage space even on the most narrow wall spaces. The Duraline floating shelves collection consists of a wide range of decors. Have a look at our specials and natural wood items.

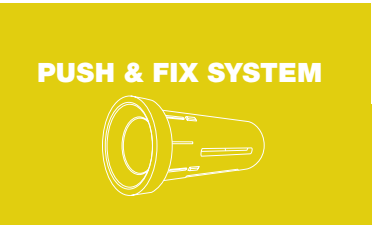

# PUSH&FIX

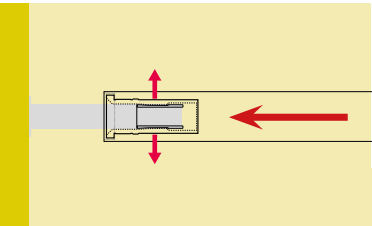

To help keep your life and home organised, we are constantly improving and innovating our range of products. Besides inspiring you with the latest trends, we also aim to surprise you with state-of-the-art technologies. We are excited to bring to you an innovation that will make it even easier to hang your floating shelf on the wall.

Our design team has developed a special plug which is fixed within the shelf. Once you have mounted the bracket on the wall, you simply slide the shelf over the bracket and it attaches itself firmly to the bracket fixing.

- Benefits:**
- Easy mounting of floating shelves.
  - The shelf will be fixed firmly and securely, with less risk of wobbles.
  - The two screws in the bottom of the shelf are no longer required.
  - Wall mounting is now 100% invisible.

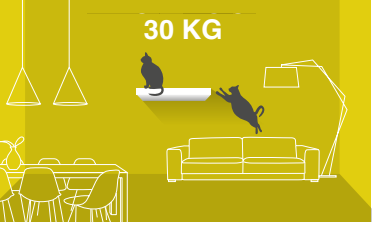

The plug is already fixed within the shelf.

Push the shelf over the bracket. The plug will expand and the shelf is firmly fixed.

The shelf will now be 100% invisibly attached and you no longer have screws on the bottom of the shelf.

The maximum carrying capacity is 30 kg.

# RAIL-SYSTEM

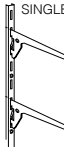

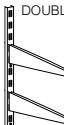

The rail systems allow you to easily mount multiple shelves above each other. The shelves are adjustable in height, simply by moving the brackets up or down. This system is available in single and double brackets with matching uprights as well as a heavy loading capacity. We offer rail systems in slot distances of 50 mm and 32 mm, and in the colours white, silver, grey, black and galvanized.

# FREESTANDING SYSTEM & WALL SYSTEM

The new Duraline storage system creates a modern, functional open storage solution, which can be used in multiple ways: for clothing, books, shoes, gardening equipment and more. The holes in the storage system create the possibility to easily adjust heights. The Duraline storage system has various storage add-ons to create your own customized system assembled with minimal tools. The system has a matt black and matt white finish and is available in a hanging and standing version. Both systems have to be wall mounted.

# PICTURE HANGING SYSTEM

These picture hanging systems are a beautiful, safe and a flexible way to decorate your wall. There are multiple ways to style and restyle your frames, postcards and pictures to the wall. For every hanging need there is a solution. In this range we have wall and ceiling mounted rails fitting your DIY project. The modern picture hanging systems have an extensive range of accessories. Some of the rails have a white primer finish. This allows you to paint them in the same colour as your walls. The primer rails are clearly marked with a paintbrush on the package.

# TV SUPPORTS

These sturdy functional TV mounts are suitable for screens from 10 to 70 inches.  
The standard holes in this mount are suitable for VESA in sizes 75x75 to 600x400.  
Due to the matte black colour, it is barely noticeable and fits well with the screen.  
This product is designed to be installed on timber, stud walls or solid concrete walls.  
This product is for indoor use only.
